Expected learning outcomes	
Knowledge and understanding on:	Students will be able to understand the theoretical and applicative elements inherent to the Italian constitutional system, as well as to develop original ideas based on a systematic and critically aware understanding of the acquired knowledge;
Applying knowledge and understanding on:	Students will use the knowledge of the theoretical and applicative elements inherent to the Italian constitutional system for the analysis of concrete cases submitted to their attention by the professor;
Soft skills	Students: -will have to demonstrate the ability to investigate, on the basis of the cognitive tools acquired, the application results of the institutes analysed and to understand the legal and social phenomena of the Italian institutional system; -will be required to have an articulated and organic presentation of the elements acquired, as well as a clear communication of personal reflections gained; -will be encouraged to deal with the analysis of legal texts (judgments, regulatory acts, etc.) in order to concretely verify the skills acquired during the course and any gaps in basic preparation, to be filled promptly.

Assessment and feedback	
Methods of assessment	ORAL
Evaluation criteria	In order to pass the exam, the candidate is required to demonstrate that he or she has acquired at least a sufficient "reasoned" knowledge of the course program. Therefore, the acquired logical-systematic and critical-argumentative skills are also included among the evaluation criteria.
Criteria for assessment and attribution of the final mark	The assessment of the learning level will take place with a final grade expressed out of thirty.
