Admission criteria

Aims of the course

Administrative Law Course has as a purpose to transfer to the class the knowledge of fundamental rules – UC, Constitutional and legal – of the relationship between citizen and public bodies.

Course content

Fundamental in Administrative Law will be illustrated as a problem related to (i) Constitutional structure of powers, (ii) UC regulations, (iii) historical development of the concept of State and authority.

In class we will have a discussion particularly concentrated on exercise of public powers, private and public law in exercise of public powers, rule of law, fundamental rights and exercise of public powers, tort.

Giovanna Mastrodonato, Giovanni Scognamiglio, Silvestro Prenna will have classes about the problem of security (under the perspective of environmental law, food and drugs law, local body regulation).
