**APRIL, 13-15 2011**

Sheraton Nicolaus Hotel

Bari - Italy

**P R E L I M I N A R Y   P R O G R A M**

Dear Colleagues,

It is our pleasure to invite you to the 2011 Spring Meeting of the Association of Veterinary Anaesthetists (AVA) that will be held at the Sheraton Nicolaus Hotel & Conference Centre, in Bari (Italy), from April 13<sup>th</sup> to 15<sup>th</sup>.

Bari is a seaside city, one of the most important cities of the southern Italy with one of the largest universities of the country. It has been a natural centre for both trade and cultural exchange between East and West for centuries.

The main AVA meeting will be held on April 14<sup>th</sup> and 15<sup>th</sup> and State of the Art Lectures and oral/poster presentations will cover all aspects of anaesthesia, analgesia and intensive care. Particular interest will be dedicated to the pulmonary ventilation, respiratory physiology and gas exchange during general anaesthesia and intensive care. As a tradition for the AVA meeting, international recognized speakers both in human and veterinary medicine will be invited providing up-to-date information about their subject.

The meeting program will also include a pre-congress "resident day" seminar on Mechanical Ventilation and Respiratory Mechanics during General Anaesthesia (April 13<sup>th</sup>) and a post-congress anaesthesia refresher course for veterinary practitioners (April 16<sup>th</sup>) that will cover different topics in veterinary anaesthesia and analgesia.

This meeting will also be an occasion to enjoy the typical cuisine and wine of Puglia. And finally those who enjoy natural and archaeological treasures will not be disappointed. It would be our pleasure to meet you in Bari.

The Organizing Committee

**Antonio Crovace**

**Francesco Staffieri**

# RESIDENT TRAINING DAY

WEDNESDAY, APRIL 13<sup>RD</sup>

## S P E A K E R S

Director of the Seminar

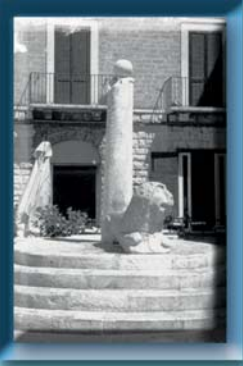

**Dr. Salvatore Grasso**

University of Bari, Italy

**Dr. Martina Mosing**

Vet. Suisse Faculty, University of Zurich,  
Switzerland

WEDNESDAY, APRIL 13<sup>RD</sup>

**RESIDENT DAY** (Max 50 pax)  
9.00 a.m.- 4.00 p.m.

**Location:** Faculty of Veterinary Medicine

**Topics:** Mechanical ventilation and respiratory mechanics

**Speakers:** S. Grasso, M. Mosing

8.30 Registration of the participants

9.00 **Respiratory physiology**  
*M. Mosing*

10.00 **Physiology of the lung during positive pressure ventilation**  
*M. Mosing*

11.00 Coffee break

11.30 **Monitoring mechanical ventilation**  
*M. Mosing*

12.30 **Ventilation modes from controlled to assisted**  
*S. Grasso*

13.30 Lunch

14.30 **Mechanical ventilation of the pathologic lung**  
*S. Grasso*

15.30 **Wet Lab**

17.30 End of the Resident Day
